

Volunteers needed for "A Survey of Security and Privacy Concerns of Older Adults in Canada."

We are looking for volunteers for a survey study of older adults' security and privacy concerns when using technologies in Canada. This project aims to understand the main technology security and privacy concerns, experiences and mitigation strategies of older adults who are living in Canada. Participants will receive a \$5 gift certificate of their choice (Tim Horton's or Starbucks). The study can be completed online or through a telephone call.

You will be asked to answer a pre-screening questionnaire with demographic questions and insert your email. We will follow up with an individual link to the main questionnaire. Once you have completed the main questionnaire, we will send you the gift certificate.

To be eligible, you must be 65+ years of age, comfortable with English or French, and live in Canada.

The study will be fully online or through a phone call and should take approximately 15 minutes to complete. If you are interested, please complete the questions in the following link:

https://carletonu.az1.qualtrics.com/jfe/form/SV_5mTaBYMXXMQvoGO

We will then contact you with the next steps. Should you have any questions, please contact us at paolachavesmarmorato@cmail.carleton.ca, ruchiswami@cmail.carleton.ca, or Elizabeth.stobert@carleton.ca

This research has been cleared by Carleton University Research Ethics Board B Clearance # 119733

Should you have any ethical concerns with the study, please contact the REB Chair, Carleton University Research Ethics Board-B (by phone: 613-520-2600 ext. 4085 or by email: ethics@carleton.ca). For all other questions about the study, please contact the researchers.
